

This is ***nothing short*** of a Monumental, Historical, and Biblical **Covert Operation** everyone has been witnessing and I'm glad to have played a small part in it while active duty 2012-2015 and still a part of the fight beyond my service.

This isn't about being '*right or wrong*.' This is Military Law, Military Regulations, Military Symbolism, Military Optics, Military Codes, Military Customs, Military Etiquette... the Constitution comes a close second. Military can act WITHOUT Congress and anyone. Our Founders made that clear in the UCMJ and Constitution.

IF all of the below, which visually happened *in front of everyone*, isn't completed... it will be the equivalent to all soldiers dying on the mission(s), ***dying in vain***. And that ***isn't*** going to happen.

The ***only*** service members who can reveal this to you are us Veterans. Anyone on Active Duty, National Guard, or Reserve Components, are sworn under Oath and would be a threat to National Security, and can face Courts Martial for Treason for revealing missions, as they are detrimental to those missions being run all over the world. Yeah, this is *that* Monumental and Historical.

You have already witnessed quite a bit and just didn't know what you were seeing and viewing. The saying "you can't see the forest for the trees" = 99% of Americans right now who think "Biden" is President.

Once again, this is just ***ONE*** small piece of Military and Constitutional Laws and Orders that outlines what took place *right in front of everyone* from January 20, 2017, to January 20, 2021, ***different*** from any other time in United States History that shows this **Covert Operation** to Restore the REPUBLIC and Donald Trump is still President due to Military Law (Uniform Code of Military Justice) and Constitutional Law.

Military and Civilian are two separate Laws.

Commander-in-Chief = The Uniform Code of Military Justice
President = Federal and Civilian Laws

The President is not President over the Military.

The Commander-in-Chief is not CIC over Civilians.

Oh, but I wish it was. These piss poor, arrogant, condescending, privileged, spoiled attitudes would have been cleaned up years ago.

Let's Go Americans 🇺🇸

The general misconception is that any statute passed by legislators bearing the appearance of law constitutes the law of the land. The Constitution is the supreme law of the land, and any statute, to be valid, must be in agreement. It is impossible for a law which violates the Constitution to be valid. This is succinctly stated as follows: "**All laws which are repugnant to the Constitution are null and void.**" **Marbury vs. Madison 1803**, 5 U.S. (2 Cranch) 137, 174, 176.

President Trump signed the most monumental **Executive Order 13848** in United States History on September 12, **2018**.

Inside **FOUR** major events were outlined:

1. Declared a National Emergency. By Federal Law, National Emergencies **must be** addressed by Congress. It was **not** addressed. Covid-19 was not mentioned until February 4, 2020, at the State of the Union Address, **FIRST** by President Trump, so, **how** did he know to issue a National Emergency in September 2018 to activate on November 3, 2020?

National Emergencies defined:

<https://www.govinfo.gov/content/pkg/USCODE-2020-title50/html/USCODE-2020-title50-cchap34-subchapII-sec1622.htm>

War and National Defense:

<https://www.govinfo.gov/content/pkg/USCODE-2020-title50/pdf/USCODE-2020-title50-chap34-subchapII-sec1622.pdf>

2. Declared Maritime Law. He **specifically** put the date of November 3, **2020**, as the **activation** date of Maritime Law on September 12, **2018**. If there's no such thing as Voter Fraud, which first became a topic in the 'news' in December 2020, then how did President Trump know to put the specific date of November 3, **2020**, inside the September **2018** Executive Order? #MilitaryIntel

Do you wonder why there's shortages everywhere? *Maritime Law* equals the **law of the Water**. *Maritime Law* is why **no** foreign goods will enter the United States as **specified** in the **13848 Order**, hence why the ships are guarded at the port cities and crates have not been delivered to warehouses.

Executive Orders = Automatic Law.

All it takes is a little reading:

3 and 4. The Election Fraud Committee and Secretary of State. President Trump specifically put the dates of activation in which they would **report**. 45 days after November 3, 2020, which was **January 5, 2021**, and 45 days after that... which is **March 3, 2021**.

The **International Emergency Economic Powers Act** which is a United States federal law authorizing the president to regulate international commerce after declaring a **national emergency** in response to any **unusual** and **extraordinary threat** to the United States which has its source in whole or substantial part **outside** the United States.

IEEPA at Congress:
<https://www.congress.gov/bill/95th-congress/house-bill/7738>

IEEPA Wiki:
https://en.wikipedia.org/wiki/International_Emergency_Economic_Powers_Act

It further authorizes the president, after such a declaration, to block transactions and freeze assets to deal with the threat. In the event of an actual attack on the United States, the president can also confiscate property connected with a country, group, or person that aided in the attack.

The IEEPA falls under the provisions of the **National Emergencies Act (NEA)**, which means that an emergency declared under the act must be renewed annually to remain in effect.

National Emergencies Act:

The Act empowers the President to activate special powers during a crisis but imposes certain procedural formalities when invoking such powers. The perceived need for the law arose from the scope and number of laws granting special powers to the executive in times of national emergency. Congress can terminate an emergency declaration with a joint resolution enacted into law.

NEA Congress:

NEA Wiki:

https://en.wikipedia.org/wiki/National_Emergencies_Act

Notice this clause: “*emergency declared under the act must be renewed annually to remain in effect.*”

The whole reason a National Emergency was issued was due to Foreign Interference with Elections... laymans for Hillary did not dump enough votes and Biden dumped too many.

Why would Biden extend this Executive Order as he did last September 9, 2021, that's going to damn his administration?

The deadline is September 11, 2022.

One of two things must happen. Either the evil players must own up to all of the hundreds of years of corruption via money laundering, rigged riots, corporate wars, rigged wars, trafficking, and Covid as a Biochemical Weapon.

OR

Admit the Election was rigged and stolen via Cyber Warfare.

Whichever plea bargain they took in October 2016... they will still meet the punishment for the level of their corruption at Gitmo... it will just determine if they show the public or not based on what each evil player chose.

President Trump and FEMA declared **two** more **National Emergencies** in 2020 that also were also **never** addressed by that Congress.

Which is why on November 3, 2020, President Trump issued a **Presidential Emergency**, known as a **PEAD**, a **Presidential Emergency Active Document**. The **only** people who can know what's in that Document are the President and Military Generals. However, based on the Law and Order from 2017 up to that date along with Military Regulations, Optics, Symbolism, and Visual Operations... A Veteran or person like myself can tell you what's in that Document based on those up to that day.

Here's how 🙌

President Trump signed the **National Quantum Act** on December 21, **2018**. Then signed **Executive Order 13885** (14 pages) called the **National Quantum Initiative** on August 30, **2019**, which is displayed in the 'About Section' on the Government site [Quantum.gov](https://www.quantum.gov) launched in September 2021.

17 of the 21 agencies of the National Quantum Initiative are **Military** Organizations.

The "mainstream media" started calling Veterans and people like me "conspiracy theorists" and QAnoners... and our posts come from the "Q"... I guess so... an active Government site with a "Q" in it 😊

President Trump ended the Air Force military space program and established the **Independent Space Force** in December **2019**.

DUE to the above and ALL Law and Order from January 20, 2017, the activation of those 4 bullets in **Executive Order 13848** with the key bullet: **Maritime Law**, on November 3, 2020, and the **PEAD** signed that day...

NO President was **legally** confirmed on January 6th, 2021, and **did not have to be**, because of the **unaddressed** National Emergencies from 2018 and 2020, Presidential Enhancement Act of 2019/2020, the Presidential Emergency Active Document, the invoking of the Insurrection Act of 1807 which are all **47 U.S. Code 606** titled **War Powers of the President**.

On Election Day, November 3, 2020, **4-Star General Nakasone** tweeted: "as tens of millions of people head to the polls, @US_CyberCom and @NSAgov teams around the world are fully engaged, working hard with our partners to defend our elections. We took what we learned from 2018, and brought it to an entirely new level for #elections2020."

US_CyberCom = United States Cyber Command
NSA = National Security Agency

"**Took**" = past tense for that present day.

"**Around the world**" = Why do we need teams around the world for the Election in the U.S.?

Who was the President in 2018?

When was the independent Space Force established?

When was the Quantum Information System established?

Remember "Russia Collusion" which was all a lie and scam?

Remember the fake Russian Dossier?

What did we learn from **2018**? All of these brilliant Orders and Laws were written **before** Covid-19, before November 3, 2020 (Election Day), and before January 6, 2021, etc. *Imagine that.* Now re-read the 4 Star Generals tweet again and the **Optics**... let it sink in.

The Origin and Foundation of our Nation all came in this order: The Army, Military Law, Navy, Marines, Military Regulations, Military Symbolism, the Declaration of Independence, the Flag, the Constitution, the Bill of Rights, Marbury vs. Madison.

A little Military History for you. The very first Military Branch was founded **June 14, 1775**, the United States Army. The Revolutionary War started April 19, 1775.

The Founders fought two months before establishing the Nation's first Branch of Military as they stated, "we need a swift army on the ground and army on the water." The Navy was founded shortly after on October 13, 1775, then the Marines, November 10, 1775.

The **Uniform Code of Military Justice** aka Military Law was passed on **June 30, 1775**, with 69 Articles of War to govern the conduct of the Continental Army.

There's absolutely **NO COINCIDENCE** the United States Flag was sworn into Congress, **June 14, 1777**.

No coincidence that 50 days later... The **First** United States Flag ever flown, took flight at Fort Stanwix aka Fort Schuyler (at that time) on August 3, 1777, and 3 days later, was in one of the BLOODIEST battles in the Revolutionary War during the Saratoga Campaign which started in **June 1777**. No coincidence Fort Schuyler is now the Fort Schuyler **Maritime** College.

At the Battle of Baltimore in 1814, Major George Armistead ordered "a flag so large that the British would have no difficulty seeing it from a distance." It measured 42' x 30' and was known as the "Great Garrison Flag" and the "Star Spangled Banner Flag."

The resistance of Baltimore's Fort McHenry during bombardment by the Royal Navy inspired Francis Scott Key to compose the poem "**Defence of Fort McHenry**," which later became the lyrics for "**The Star-Spangled Banner**."

So, choosing to kneel or sit down, not taking your hat off, or putting your hand over your heart... is a **disgrace** to **all** service members, but especially those who gave their life for you to live yours. The United States Flag represents the **MILITARY FIRST**... not the States.

Any service member, active or Veteran status, who tries to misconstrue or twist the Constitution to fit their personal narrative is a *prime example* of someone who had **no** clue why they 'served' this great Country. Service members benefit from steady salaries, housing, medical benefits, dental benefits, college benefits not just for themselves, but spouses and children. ALL supposed to be secondary to this Nation and Americans, and a PRIVILEGE. The **average** ASVAB (Military Entrance Exam) score for all branches is 31 to 36... Anything above a 50 with a minimum GT Score of 110 is the upper echelon of military. Guess who was in the latter? 🎯

And that's ALSO why the Military and President Trump passed **Executive Order 13958**, titled **The 1776 Commission**. Is to not only restore the Republic, but also make the EDUCATION of our History, Origin, and Foundation center of this Nation and the Military as well. It's an atrocity and DISGRACE to all of the soldiers who GAVE ALL, paying the ultimate sacrifice, and to those of us who live and breathe our Nation's origin and history, preserving and passing those forward to those who understand all of what it takes to keep the United States what they were originated to be.

No more soldiers misconstruing and butchering our Nation's history and origin to family members and civilians. They will understand and know the History of the Military, their Branch, our Nation amongst many others listed above.

America is an idea. It's not just a slogan or papers in the Smithsonian. It came via people like me and those I know who served for the right intentions and love this Nation. The only way to change it is = **Molon Labe** from us.

Congress and the Media for MANY years, all have misconstrued and twisted the Origin, History, and the contexts of the Declaration of Independence, the Flag, the Constitution, the Bill of Rights, forgetting Marbury vs. Madison 1803, and have used reverse psychology on people to create chaos and division to fit their narratives and personal agendas, thanks to the Corporation of 1871. Their motto was "*create a problem there's already a solution to.*" They **died** November 8, 2016.

And because data shows, 70% of Americans know nothing about the Constitution, many hear a "Congressman" quote "from" it... and majority of Americans don't know the truth from untruth, because they simply won't read or research and/or listen to the wrong people who have nothing but personal agendas and twist, deceive, and misconstrue to fulfill those agendas.

No wonder why Veterans like me get ignored, shunned, laughed at, ridiculed and scorned. But bring it on baby! Somebody's got to stand for Military and Constitutional Laws and Orders, Regulations, Symbols, Codes, and History. I've already been in those boots.

Our Founders were common people. Brilliant, but *common*. Common meaning Congress was not a full-time career as it has been. They wrote all pieces of our Foundation where the commoner could read, understand and comprehend. Not to be reversed, misconstrued, and misused 246 years down the road.

Thank GOD there's some of us left who read, study, understand, serve and fight for the right reasons... for the true ORIGIN and FOUNDATION and for all of humanity... not select groups and select issues, only.

That's why it pays to know your HISTORY and Veterans who know Military History, Military Law, Regulations, Symbolism, and the ORIGIN of where and how they came. It's very important soldiers UNDERSTAND and KNOW WHY they SERVE. *Our* 'resume' comes second and as a privilege behind the Americans we serve(d).

The **Oath of Enlistment** specifically says...

"I do SOLEMNLY swear to SUPPORT and DEFEND THE CONSTITUTION of the United States against **ALL** enemies, foreign **AND** domestic; that I will **bear** true faith and allegiance to the same; and that I will obey the orders of the President of the United States and the orders of the officers appointed over me, **according to regulations** and the **Uniform Code of Military Justice**. So help me **God**." (Title 10, US Code; Act of 5 May 1960 replacing the wording first adopted in 1789, with amendment effective 5 October 1962).

Solemnly definition = serious and dignified.

"From the **oath**, you can see that you will be defending the Constitution -- *not a person*. Discipline and accepting orders is sworn to. Finally, you vow to face the UCMJ (**Uniform Code of Military Justice**) should any disputes arise."

Which is also why **NO** NATIONAL GUARD soldier would turn their backs on ANY President that's a legal President. That's Military Regulation, Orders, and Etiquette to

Commander-in-Chief. That's equivalent to not saluting or going to the position of attention to any Officer.

Media shows National Guard Troops with their backs to the "Biden Motorcade:"

National Guard with backs turned:

<https://www.youtube.com/watch?v=7zsQKUI0cVg>

None of that matters because "Biden" was not inaugurated. Rewind...

There's only **ONE** person who can activate the National Guard to Federal Duty... that's the **President** of the United States.

10 United States Code 12406; Armed Forces:

<https://www.govinfo.gov/content/pkg/USCODE-2011-title10/pdf/USCODE-2011-title10-subtitleE-partII-chap1211-sec12406.pdf>

(3) the President is unable with the regular forces to execute the laws of the United States; the President may call into Federal service members and units of the National Guard of any State in such numbers as he considers necessary to repel the invasion, suppress the rebellion, or execute those laws. Orders for these purposes shall be issued through the governors of the States or, in the case of the District of Columbia, through the commanding general of the National Guard of the District of Columbia.

President Trump put into his September 12, 2018, Executive Order, a National Emergency that went unaddressed (violation of Congress and Law) and the activation of Maritime Law on November 3, 2020. **How** did he know to put those with the date of November 3, **2020**, to ACTIVATE in an Executive Order (Automatic Law) in September **2018**?

Additionally, on April 30, 2020, President Trump signed **Executive Order 13919** giving the Secretary of Defense authorization to make approvals to ACTIVATE Reserve Components of the Military to Active Duty.

Executive Order 13919:

<https://www.federalregister.gov/documents/2020/05/04/2020-09645/ordering-the-selection-reserve-of-the-armed-forces-to-active-duty>

On January 6, Defense Secretary Christopher Miller approved up to 6,200 troops to support civil authorities in the District of Columbia for up to 31 days under Title 32, 502(f) authority.

The activation of the National Guard to Federal Duty signified the invoking of the **Insurrection Act of 1807**... the soldiers did not arrive in D.C. until January **17**, 2021.

If they were there for the "inauguration" then why did they stay until March 3? March 3 the day before the **original** Inauguration date in United States History, **March 4; Optics**.

The President also has full and direct control of the United States Marines, via **Marine Law of 1834**, as it reads: "*can be used for other duties as the President may direct...*"

The **District of Columbia National Guard** is the **ONLY** National Guard that reports **ONLY** to the **President**. It's the first to respond to our Nation's capital.

District of Columbia National Guard:

So why did 30,000 (*plus*) National Guard and Reserve Troops come from multiple states to D.C.?

See... if you aren't paying attention to ORIGIN... and CURRENT events... you get behind. This article right here is January 2022... and makes readers think "Biden" is activating troops.

National Guard deployed:

"Announced deployment of 720 soldiers to the more than 23,000 **currently** deployed..."

How come you didn't hear about those 23,000 being Federally activated?

You did. President Donald John Trump on January 6, 2021, and January 17, 2021.

He gave those Orders via the Highest Law in the Land and via War Powers extensions... Therefore, He is the only one who can RESCIND those Orders.

In military terms, D.C. is a **foreign territory**... which means they were FEDERALLY activated by the President.

*"The U.S. Constitution provides for a federal district under the exclusive jurisdiction of Congress; the **district** is therefore **not** a part of **any U.S. state** (**nor** is it **one** itself)."*

The United States became a Corporation by U.S. Law in 1871 (Stoutenburgh v. Hennick, 129 U.S. 141; via the Treaty of 1871).

The Inauguration

Do you know the reason former Presidents attend the Inauguration? To hand over the **Nuclear Football**.

Where was President Donald Trump on January 20th?

The Military is **VERY KEEN** on our Flag and Ceremonies.

And because of that... It was President Trump who received the **Constitutional and Military Regulated Inauguration**.

Receiving a **21 gun salute** by the official **Presidential Salute Battery** known as the 3rd U.S. Infantry Regiment Division aka The Old Guard, official "Hail to the Chief" by the marching band, a Red Carpet Rollout, with **17** Gold-Fringed Flags, and left on Air Force One #28000 with the Nuclear Football.

The official **Presidential Salute Battery** who gave President Trump the 21 gun salute:

The motto of the battery, "The Highest Honor," has a dual meaning. First, it refers to the 21 – Gun Salute commonly fired by the PSB.

It is **universally** recognized as the **highest military honor** that can be **rendered**.

Presidential Salute Battery:

It's also Regulation to accompany a 21 Gun Salute with "**Hail to the Chief**" as President Trump received to kick off the full Military Regulated and Constitutional Inauguration.

21 is the highest honor.

"Biden" was given a **Military Regulation Funeral Service** at the Tomb of the Unknown Soldier. He received **13 fired rounds** (not a Salute) by a **3 volley salute**.

Before they arrived at the Tomb of the Unknown, at the "Capitol Building" there was ZERO **Presidential Salute Battery** playing of "**Hail to the Chief**" with a 21 Gun Salute which is the Inaugural Theme for the President.

The **only** "**Hail to the Chief**" accompanied with a 21 gun salute on the 4th ruffle performed all day, January 20, 2021, was at Joint Andrews Base for President Donald Trump.

At **6:58:25** in the first video (below) of the whole January 20, 2021, Capitol to Military Funeral...
“**Honors March 1**” was played by the non-regulated fake uniforms which is the song played for the **13 rounds fired** for the **Minister Resident** as you’ll read below.

The Marine Band, “The President’s Own” is to perform “Hail to the Chief.”

There was zero Marine Band "The President's Own" playing "Hail to the Chief."

The only song played at the Funeral Service for Josephine Biden was "Honors March One."

Nowhere on the Marine Band's official YouTube page is there any ceremony on January 20, 2021.

The last time the Military wore BDU was as follows:

United States Navy: 1981-2012

United States Air Force: 1981-2011

Drum Roll:

United States Marines: 1981-2005

Truly unbelievable why nobody will listen to us Veterans showing you ALL of these Regulations plus Military Law.

This is a non-regulation uniform. In layman's terms that means FAKE.

All it takes is knowing a Vet or a little research. Notice on the flag... it says "Pershing's Own."

Google that: "Pershing's Own"...

That's the United States Army Band.

Here's their regulation uniforms:

Don't hand any Veteran some BS line about it being cold that day... and that's an overcoat.

Regulation uniforms are Regulation uniforms. They're orders. We are told what uniforms to wear. We are told when we can upgrade or downgrade from jackets to shirts. We are all in unison.

Those black uniforms above with insignia are **the jackets**. Regulation shirts are worn under those.

Ever since my video went viral, there's been some sites deleted and things changed from the original. The version I heard had 13 rounds. Plus my team and I have noticed multiple news outlets covering up for many things they didn't report or messed up on.

Not one single platform had dropped all of this in one video in one document form. It forced all platforms to change certain things. Hence why Facebook and Instagram have my name blocked from tags, my website with documents, and mainstream media has been covering their butts.

Either way, the rounds fired **does not** give away the Military Funeral, it's the *3 Volley Salute* that does.

The firing of **three** volleys (rounds) over the **graves** of **fallen armed forces members** and **political leaders** can be traced to the European dynastic wars, when fighting was halted to **remove the dead and wounded**.

Only **3 pieces** of artillery; 2 firing, one for misfires.

A 21 Gun Salute is for Presidents, Former Presidents, President Elects, Heads of Government, and **Reigning Monarchs**.

District of Columbia = British = **Monarchy** = Dead.

Army Study Guide:

https://www.armystudyguide.com/content/army_board_study_guide_topics/customs_and_courtesies/personal-salutes-and-honors.shtml

Friendly Reminder:

Sing it with me... "One of these Joe's is not like the other... one of these Joe's is in Gitmo"

The 21-gun salute is sometimes confused with the tradition of firing three volleys of rifle fire at a military funeral. This technically is NOT a 21-gun salute, but instead refers to a different tradition established during the European dynastic wars from 1688 to 1748.

During these conflicts, fighting was commonly halted on the battlefield to clear the dead. Once the dead were removed, three rounds would be fired to indicate that fighting should resume.

There's so many Optics in this one article from above, it's B-eautiful!

Open and read along with the Optics below:

<https://usdefensestory.com/president-trump-departure-at-joint-base-andrews/>

All of which are **Optics** for those of us who know Military Law and Regulations:

*"President Trump delivered his official farewell address, a recorded online video, the day before the inauguration. Without naming "Biden," he referred to the "inauguration of **a new administration**", saying that "we pray for its success at keeping America safe and prosperous."*

"**A New Administration**" = His 46th Administration = The Military = Maritime Law = **Optics**.

"Signifies the end of HIS term **AS 45th President**" = **Optics**.

Why not just "end his term as President?"

He never conceded. He didn't have to due to the UCMJ , the Constitution, and LAWS and ORDERS from January 20, 2017, to that day.

17 Gold-Fringed Flags = 17 Military Agencies in the National Quantum Initiative = President Trump's Executive Order 13885 = Optics.

17 Agencies:

<https://www.quantum.gov/about/#AGENCIES>

"Air Force One IS a term that applies to any U.S. Air Force aircraft carrying **THE** President." = **Optics**.

He is the only President in History to leave office on Air Force One post 12 PM EST. Due to the Constitution, 20th Amendment, a President's term is over at 11:59:59 AM EST.

Mainstream Media reported THE President left on Air Force One to south Florida. "**THE**" President is **present tense**.

It's Optics because of the ceremony taking place **prior** to taking flight. The ceremony was Military and Constitutionally Regulated.

They told you who would be carrying the President because both Air Force Ones were there; one grounded, the other taking President Trump to Florida **after** 11:59:59 PM EST.

"ALL Branches of the Armed Forces including National Guard and Reserves." Optics.

And **THE** best **OPTIC** out of the whole article:

*"Provided ceremonial support **during** the **INAUGURAL** period."*

Bet you didn't notice in one of the photos... **both** Air Force Ones , #28000 and #29000 in one shot... in the article:

President Donald J. Trump and Melania Trump, first lady, depart Joint Base Andrews, Maryland, on Air Force One for the final flight Jan. 20, 2021. The Trumps flew to Florida to start their post-presidential life. (DoD photo by U.S. Air Force Tech. Sgt. Logan Carlson)

Too bad they didn't delete that article haha!

It gets better... or dumber... not sure which one yet... Every President-Elect has been flown in by Air Force One. The world told "Biden" flew into "D.C." on a regular aircraft.

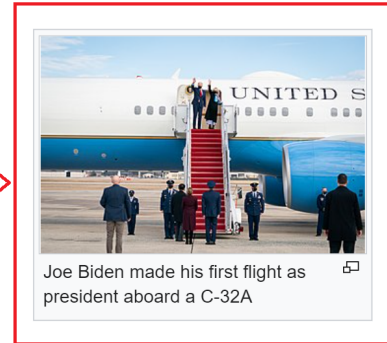

Biden and his charter Jet:

So, let me get this straight... a man who's been a Senator for 36 years, VP for 8, "got the most votes" in United States History and never left his basement... did not get the "Presidential-Elect" flight into D.C... but his FIRST flight ever as "President" was in Air Force Two? **LOL**

But *now* "he's" "flying" in Air Force One #28000... the same one shown at Joint Base Andrews with President Trump on January 20, 2021, that was grounded and clearly available for use for the "President-Elect" with the "most votes" in United States History? **LOL**

It was a staged event in Culver City, California. It was **not** the District of Columbia. Which is also why the "Biden Administration" built **replicas** of the **Oval Office** and the **James S. Brady Press Room** and why there's fences around the actual Capitol... to this very day...

Fake White House:

<https://www.foxnews.com/politics/truman-show-presidency-biden-ridiculed-for-using-fake-white-house-set>

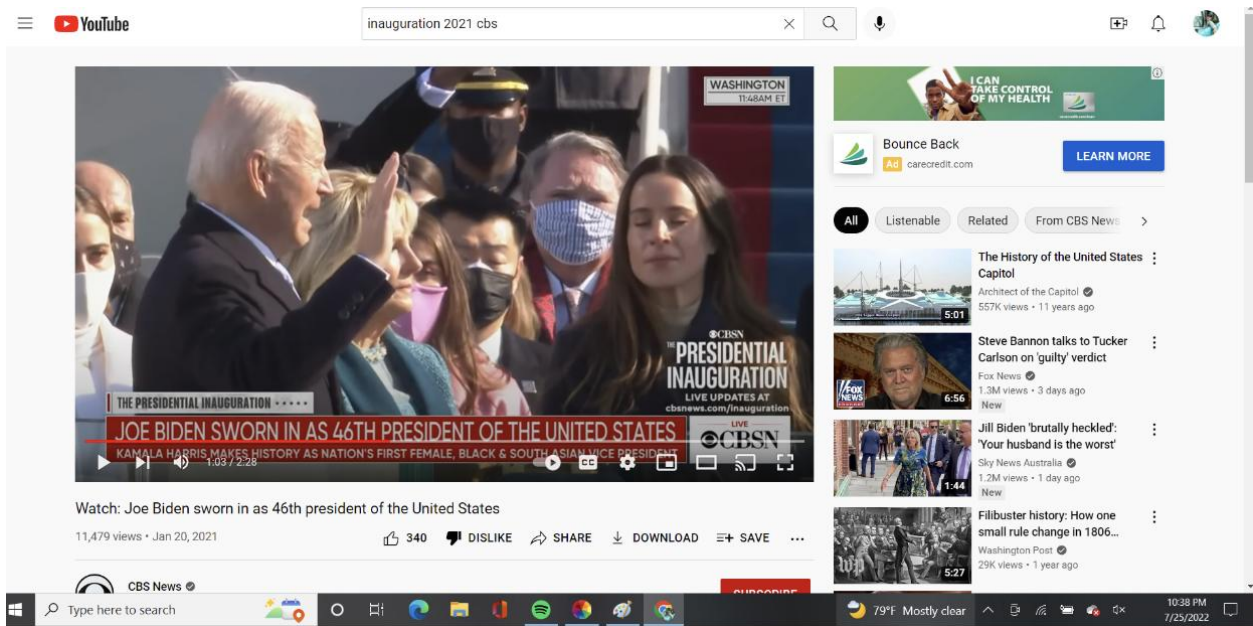

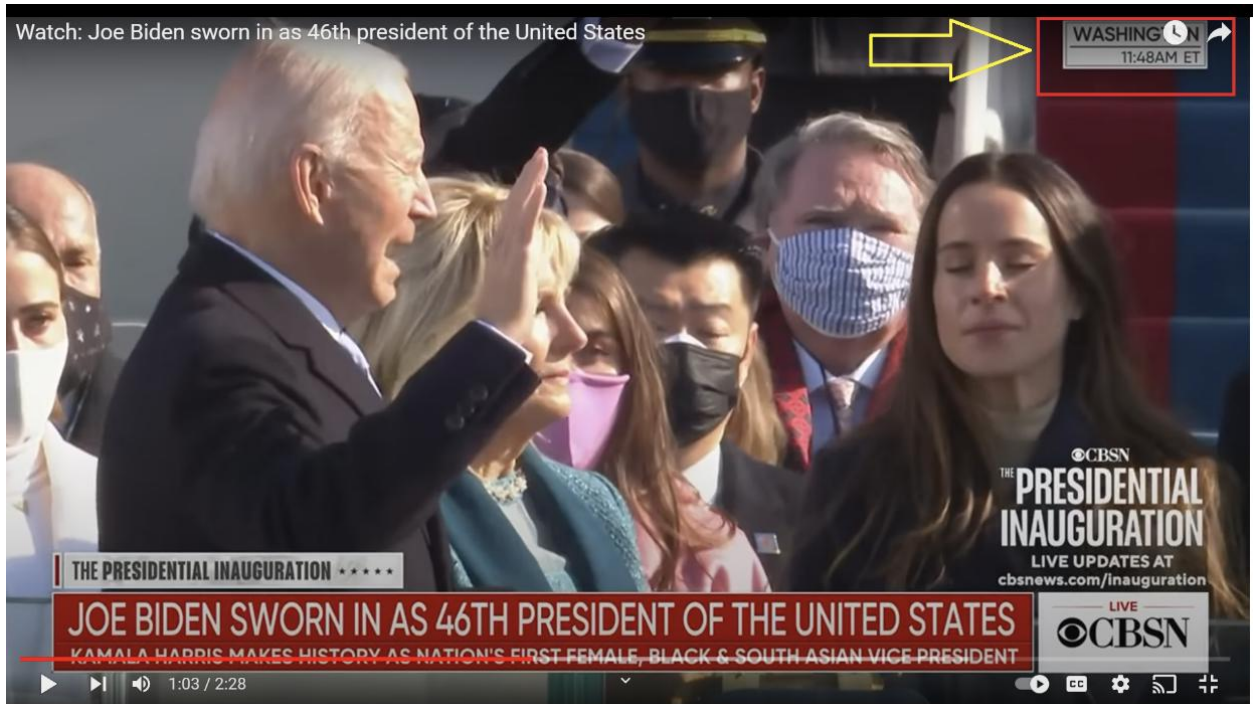

By **U.S. Constitutional Law**, "Biden" had to **visually** be seen by the public **illegally** accepting the nomination as "President," and **visually** be seen by the public **illegally** being "inaugurated" in which was **AFTER** January 6th, the Constitutional process, which **completed** **Treason, Fraud, and Crimes Against Humanity** via the **Constitution via U.S. Codes**:

- 18 US Code 2384
- 18 US Code 2381
- 18 US Code 115
- 18 US Code 2385
- 3 US Code 15
- 52 US Code 20511

Completed. Checkmate.

Americans are watching Congress and Media complete their treason, fraud, and crimes against humanity via those same codes, as the fence around the Capitol Building made D.C. a **Public Trial**, as President Trump said, "the crimes and evidence will be displayed to the public in full accordance to the LAW."

During the optical "inauguration," the **Commonwealth Act Number 671** puppet did **NOT** receive a 21 gun salute just a '*moment of silence*' all of which was held at **10:00 AM EST** as "Biden" took "Oath" at **11:47 AM EST** which is a **violation** of the **Constitution via the 20th Amendment**:

"Biden" as it shows on White House GOV 11:52 AM EST speech:

<https://www.whitehouse.gov/briefing-room/speeches-remarks/2021/01/20/inaugural-address-by-president-joseph-r-biden-jr/>

The Constitution is **VERY** specific. The Constitution via the 20th Amendment specifically says the President's four year term is to **start** and **end** at **Noon** on January 20th.

20th Amendment:

<https://constitution.congress.gov/constitution/amendment-20/>

The National Guard and Reserves were activated January 6, 2021, and arrived in the District of Columbia on January 17, 2021, and stayed until **March** 2021.

Zero coincidence Executive Order 13848 activation dates were all November 3, 2020, Election Day, January 5, 2021, just 1 day before Executive Order 13919 activated Reserves on January 6, 2021 which is what prompted the action and need to do so via National Emergency.

Zero coincidence the original Inauguration date in United States History was **March 4**.

Zero coincidence the White House Press Secretary was founded **March 4**, 1929.

Zero coincidence the last President inaugurated on **March 4** in United States History was Franklin D. Roosevelt who served FOUR terms (13 years) due to **WAR POWERS of the President (47 US Code 606)**.

Zero coincidence the **Commonwealth Act Number 671** via United States Law made it necessary to invest the President with extra-ordinary powers in order to meet the resulting emergency in the Philippines on December 16, 1941. Meaning their President went into exile, while the rest of the world saw an actor aka puppet in Presidential form while the actual President was safe in an unknown location in charge of his Nation.

Zero coincidence President Trump's **Executive Order 13958 "the 1776 Commission"** activated Tuesday, **March 2, 2021**, which will restore the Republic of 1776... as our Nation was FOUNDED.

Executive Order 13958:

<https://www.federalregister.gov/documents/2020/11/05/2020-24793/establishing-the-presidents-advisory-1776-commission>

Absolutely **ZERO COINCIDENCE** that the Powers of the President are outlined in **47 U.S. Code 606** titled **War powers of the President** reads:

47 United States Code 606:

<https://www.law.cornell.edu/uscode/text/47/606>

"The President is authorized, whenever in his judgment the public interest requires, to employ the armed forces of the United States to prevent any such obstruction or retardation of communication:

Provided, That nothing in this section shall be construed to repeal, modify, or affect either section 17 of title 15 or section 52 of title 29."

January 6 and January 17 = employ the armed forces of the United States.

*"Upon proclamation by the President that there exists war or a threat of war, or a state of public peril or disaster or other **national emergency**..."*

Executive Order 13848 in 2018:

Issued National Emergency for Nov 3, 2020

Two National Emergencies issued in 2020

In Closing of Facilities; Government use of Facilities:

*"The President, if he deems it necessary in the interest of the **national security** and defense..."*

Why did the National Guard and Reserves place Fences (with barbed wire facing inwards; Optics replicates a **prison**) around the Capitol building?

And why did the "Biden Administration" build **REPLICAS** of the press room and oval office, etc.? They've been operating fine ALL of these years until now? If I don't know what I know via Laws, Orders, Regulations and Customs... then why?

It's plain and simple, yet hard for the average person to understand and comprehend only because one does not know Military and Constitutional Origin, History, Foundation, Laws, Orders, Regulations, Optics, Codes, and Symbolism. And this is just one tiny sliver of Laws and Orders. I have 4 Google Docs loaded full of Laws, Orders, Military Optics, etc.

The Military is in control of our Nation and President Trump is still President... by the UCMJ and the Constitution. They're running missions ALL over the world while you the Americans go about your business watching a Commonwealth Act No. 671 Puppet make you all wake up to what would have actually happened under Hillary and a real "Biden."

They also did not want a visual takeover = Martial Law. That's not how our Nation was Founded and they did not want to go down in History books for that as the people could have revolted the wrong way and lose our Origin forever. This Operation is and was to be controlled.

It was all visual. But as data shows... The majority of Americans cannot see the forest for the trees.

But let's make sure we celebrate July 4 and post all over social media "Thank you Veterans for your service" but won't listen to us simply tell you what's taking place via Military Law, Regs, Orders, and Constitutional Law.

I've heard for many, many years, "I'll fight for my Country if I had to..." well, you always have to. Believe it or not, there's evil in the world, and there's actual people who want to suppress, oppress, and take your Freedoms all for their self-gain and twist, deceive, and use reverse psychology that only leads to more destruction, division, and chaos, all while padding their pockets and making their life better, not yours.

The United States has been under Maritime Law since November 3, 2020. Everything via Congress and Media from January 20, 2017, to present day were and are **ALL** Optics.

November 8, 2016, was the death of the Establishment as Military Generals and Operatives with President Trump at the helm, took control of our Nation. Everything from January 20, 2017, to January 20, 2021, via the Uniform Code of Military Justice aka Military Law, Military Regulations, Military Optics, Military Symbolizations, the Declaration of Independence, the Constitution, Presidential Emergency powers (PEADs), Presidential Acts, Executive Orders, the invoking of the Insurrection Act of 1807, Marine Law of 1834, Law of War Manual, Executive Order 13919 activating Military Reserves Components in all 50 states, and 47 U.S. Code 606 plus ALL UCMJ and Constitutional actions...

ALL of those **EXTENDED** President Trump's powers as President.

There's been no less than 300 Military Aircraft in the skies every single day since January 2021 including the Doomsday Plane (Nuclear), P-8 Poseidon, P-3 Orion, The Nightwatch, and many more Maritime Aircraft, Nuclear Aircraft, Airborne Command and Control Aircraft, Globemasters, etc.

My Military Occupational Specialty (MOS) aka my "Job": **Air and Missile Defense**.

Strategic Air and Ballistic Missile Defense History:

Example:

June 29, 2022, 1:34 AM CST:

This is a Boeing E-6B Mercury. The aircraft conveys instructions from the [National Command Authority](#) to [fleet ballistic missile submarines](#), a mission known as [TACAMO](#) ("Take Charge And Move Out"). The E-6B model deployed in October 1998 also has the ability to remotely control [Minuteman ICBMs](#) using the [Airborne Launch Control System](#).

The *National Command Authority* is the ultimate source of lawful military orders and communications with commanding officers of the United States Commands to put U.S. Forces into **ACTION**.

Also noted with the NCA: Only the president can direct the use of nuclear weapons by U.S. Armed Forces, through plans like OPLAN 8010-12. The president has unilateral authority as commander-in-chief to order that nuclear weapons be used for any reason at any time.

OPLAN: a complete and detailed plan for conducting **joint** military operations.

That is ONE aircraft out of hundreds in the skies every single day since January 2021. As you read above, via Military Regulations, the **only** person who can activate National Guard to Federal Duty is the PRESIDENT of the United States and it will be in a visual action or actions.

The only way National Guard Units operate in other states or across state lines is FEDERAL ACTIVATION.

Here's a Boeing C-32B *Gatekeeper*, June 29, 2022, from the 150th Special Operations **AIR NATIONAL GUARD** Squadron, from New Jersey's Joint Base McGuire-Dix-Larsen in Virginia.

They do NOT operate in other states for "training purposes."

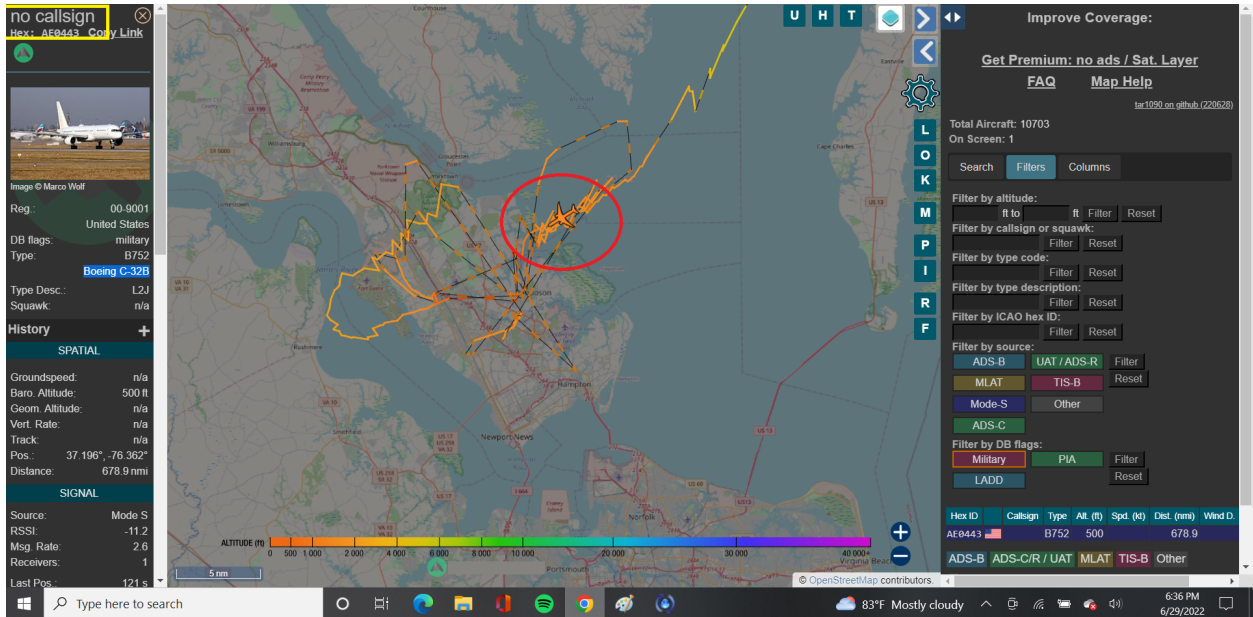

In Layman's terms, National Guard members get the nickname "*Weekend Warriors*"... so, apply it that way. It's Wednesday, June 29, 2022, and there's no hurricane or tornadoes that would classify as a National Emergency for the activation of National Guard from other states to be in Virginia.

They were visually activated January 6, 2021, and January 17, 2021, and have not been rescinded of their orders as there's been no less than 300 military aircraft in the skies every single day since January 2021. I'm just one Vet, but I am one of many who have been watching and keeping flight logs.

June 29, 2022, 18:33 PM CST

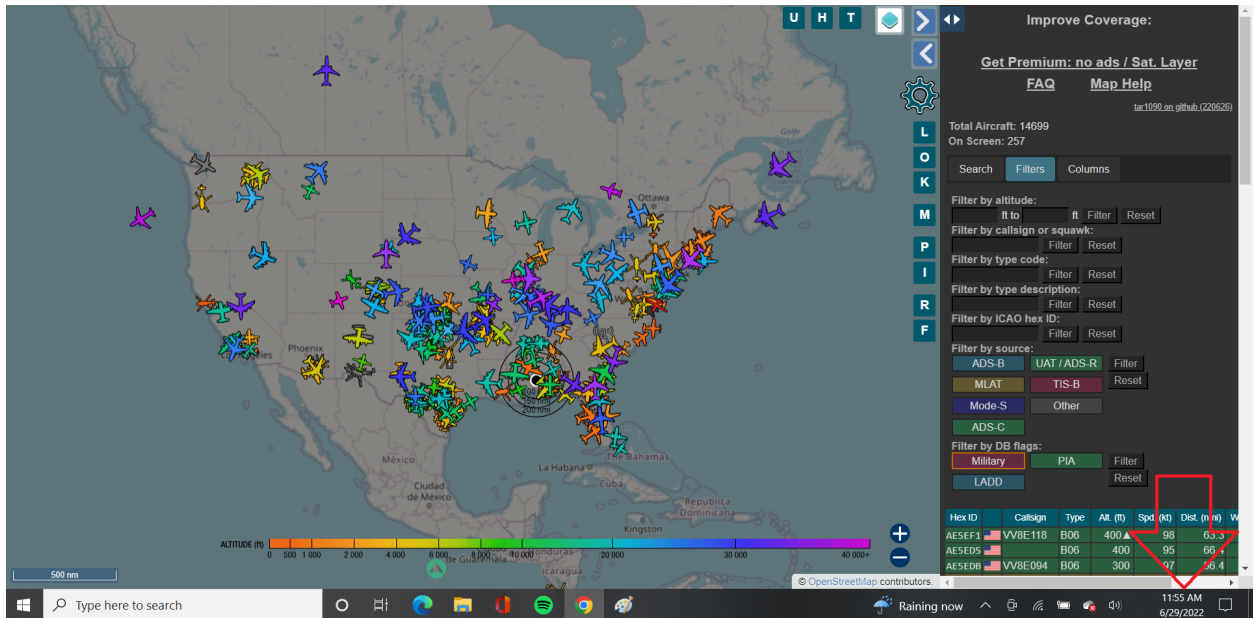

The screenshot shows a flight tracking application interface. On the left, a sidebar displays details for a Boeing C-32B aircraft, including its registration (00-9001), type (Boeing C-32B), and various performance metrics. A yellow arrow points to the aircraft's name in the sidebar. The main area is a map of the Eastern United States, with several aircraft icons plotted. One aircraft is circled in red. On the right, a filter panel allows users to refine the search by altitude, call sign, type code, and DB flags. A table at the bottom right lists the tracked aircraft with columns for Hex ID, Call sign, Type, Altitude, Speed, and Distance.

Hex ID	Call sign	Type	Alt. (ft)	Spd. (kt)	Dist. (nmi)	W

Maritime patrol is usually aimed at identifying human activities. Maritime patrol refers to active patrol of an area, as opposed to passive monitoring systems such as sound-detection fixtures or land-based spotters. A patrol consists of a ship, submarine, aircraft or satellite examining the patrolled area and seeking out activities to be identified and reported. **Maritime patrol** is critical in **wartime situations** for navies to locate enemy forces to engage or defend against.

Peacetime patrols are important for interdiction of criminal activities and for ensuring legal use of waters.

Maritime = Wartime

Peacetime = Common Sense

I run into this a lot... Just because many of us aren't Generals, Colonels, and Majors, does not mean we do not know Military Laws, Optics, Operations, etc. I held TS clearance. Clearance has nothing to do with *how long* or *where served*.

The Military is a LOT bigger than you can ever imagine. Military Law is separate from Federal Law. The Military can act WITHOUT Congress. And trust me... you want us to. We have your best interest at heart.

Americans have been guilty of listening to the Veterans who verbally talk a lot about "I" did this, when "I" was in Iraq, when "I" was in Afghanistan, when NONE of those have ANY iota to do with service especially something as grandiose as this Covert Operation.

If a Veteran cannot quote straight from the Uniform Code of Military Justice, the Constitution, Revolutionary History, and Regulations... which are all the PREMISE of Service... then they missed a vital part of 'service.'

There's plenty of reasons why it's best to halt the vocal box bugle pipe and listen. This is not a 10 minute "break it down for me" conversation.

Because those of us who do know and have the knowledge to attain and retain all of the information have quite a few humble reasons to defend it:

Here's more than a few:

To understand the why, how, when, what, etc. You'll have to read all of the Google Docs and reread them. Email with questions or have a conversation.

Until then, refrain from and please do not insult any Veterans with some of the comments we hear and have heard for MANY years. It's complex for a reason.

This **Covert Operation** is nothing short of Monumental, Historic, and Biblical. This PLAN has been going on a lot longer than *you can imagine*.

The Republic is being **RESTORED**.

This is why it pays to know Veterans who know Military and Revolutionary History (the ORIGIN), the Uniform Code of Military Justice aka Military Law, the Declaration of Independence, the Constitution, Constitutional Law, Military Regulations, Military Symbolism, Military Optics and Codes.

If someone does not like any of the above they're going to have to **Molon Labe = Come and Take It**. It won't be changed by riots, griping, whining, 'I don't like it,' or lack of knowledge of the Origin and Foundation of which it derived.

Let's go America!
