

Law of War Manual is the Department of Defense War Manual. It was signed June 12, 2015. It's a combination of Military and Federal Lawyers who took the Lieber Code of 1863, Geneva Conventions, Hague Conventions, Nuremberg Trials, the Law of War Manuals from the United Kingdom, Canada, Germany, and Australia, and all the strengths of those to strengthen the Uniform Code of Military Justice which is Military Law.

DJT 2016 Candidacy Announcement. What are the odds of riding down escalator 4 days after the Law of War Manual was signed?

Military Justice Act of 2016 was the Supreme Court clarifying Military Laws and Courts are SEPARATE from Civil Laws and Courts. It clarifies Military personnel are DIFFERENT from Civil.

Federal Continuity Directive 1: Signed January 17, 2017... THREE days before DJT took office. Look in the appendix... it talks about DEVOLUTION and RECONSTITUTION.

DJT didn't sign or pass this.

Federal Continuity Directive 2: the IMPLEMENTATION of COG and so much more.

Now apply the timelines:

Law of War Manual, June 12, 2015, updated December 2016.

Donald John Trump rolls down escalator June 16, 2015, to announce candidacy 2016.

Military Justice Act of 2016; the Supreme Court clarifying Military Laws and Courts are SEPARATE from Civil Laws and Courts. Military personnel are DIFFERENT from Civil.

Federal Continuity Directive 1, January 17, 2017.

Executive Order 13818, Human Rights Abuse, 2017, with National Emergency

Abraham Accords 2017.

Steps in front of Queen 2017.

Walks into North Korea 2017.

Crowned King of Saudi Arabia 2017.

Declares Jerusalem Capital of Israel 2017.

Executive Order 13848, National Emergency, 2 months before any Election from 2017 to 2021.
Two years before the Presidential Election of 2020. Meaning the only evidence of Fraud was 2016 and prior.

Executive Order 13848, specifically says, no evidence of a foreign power altering the outcome or voter tabulation in ANY United States Election.

Executive Order 13848 = Domestic = Washington Establishment = Deep State = Cabal = the Swamp.

From 2017 to March 2020, DJT declared 9 National Emergencies, 7 in Executive Orders, all were unaddressed by Congress = Military Operation = COG = destroying Federal Corporation.

Space Force was established December 20, 2019.

Executive Order 13912, March 27, 2020, was DJT Federalizing the National Guard and Reserves to Active-Duty because of those unaddressed National Emergencies.

"Biden" has extended every single Executive Order with National Emergencies and the 13912 that Federalized the National Guard and Reserves to Active-Duty.

Every Executive Order had expiration dates. Why did he extend policies that do not align with his?

EO 13912 didn't set to expire until March 2022. Why did he extend it in 2021? LOL Extending it in 2022 now makes the NG and Reserves on Active-Duty to March 2024.

The Space Force has never been uttered from "Biden's" mouth. The Space Force articles have never mentioned Joe Biden.

The Army transferred ALL communications to the Space Force in August 2022 for ONE Command. Who's that commander if Joe has never been mentioned by the Space Force? Who established the SF as an independent Military Branch in 2019? #45

The Air Force did not give "Biden" the traditional ride into D.C. on January 20, 2021. Guess who the Space Force is a Department of? #TheFlyBoys

There's multiple documented pictures on the Flight App of Coast Guard on Navy Bases and Naval Helicopters on Coast Guard Stations = Coast Guard is a Department of Homelands Security during Peacetime, they operate under the Navy during times of War.

The Marines are a Department of the Navy. That makes ALL Military Branches operating under Military Operation, Continuation of Government, none of which recognize "Biden" as CIC.

In every single National Guard article, "Biden" has not been mentioned. Only the Secretary of Defense and/or the Commanders of the Brigade, Battalion or Unit.

"Biden" campaigned that he was going to shut down Gitmo (Guantanamo Bay). Why has he not revoked Executive Order 13823, which is DJT's EO that revoked Obama's EO to shut it down? If he was President, he would have the same powers and authority as every other President.

November 15, 2022, speech by DJT full of Comms and Codes:

The Pause. "We're going what I call the pause."

Pause = Public Alert; Unregistered Soliciting Entities:

https://www.sec.gov/enforce/public-alerts?field_article_sub_type_secart_value=Public+Alerts-FictitiousRegulators#:~:text=These%20are%20entities%20that%20falsely,as%20they%20claim%20or%20imply.

"I gave Angela Merkel white flag of surrender." = Law of War Manual Chapter 12.4. If he's civilian and former President... when did she take the Nord Stream 2 deal? July 2021 = gave her White Flag of Surrender = July 2021.

"Nancy Pelosi has been fired; she's on her way to another country right now." = Gitmo = Military Tribunals.

"If Governors don't want our help, we will insist." = Martial Law = National Guard.

"We are going to eliminate MS-13 gangs, street crimes by 75-85%" = Martial Law = National Guard.

"I asked President Xi what they do for Drug Problems?" = We don't have problems. We have Quick Trial = Trial in the morning, Execution by end of day = Military Tribunal.

"We are going to seek execution for Drug Traffickers." = Quick Trial = Military Tribunals.

"Pretty soon we're going to put our beautiful Flag on the surface of Mars." = Military Auxiliary Radio System = Emergency Communications = Emergency Broadcast System.

"I didn't need this. I had a very nice life. You didn't need this, but we love our country, don't we?" = proving Continuity of Government, DJT is the Commander in Chief and the face of the Military Operation, he was too a COG, but he's the good side of the COG. It will ALL be revealed.

The Blueprint and Timestamps prove Military Operation from the start.

All one has to do is take the order of those, read, and apply.

"We have it all."

"We've caught them all."

"All crimes and evidence of will be displayed to the public in full accordance to the law."

Should I include my birthdate and SSN too? Is that what it takes these days in the PodThief world?
